

Name: _____

The Environmental Impact of Everyday Items

For each item, answer the following questions to explore its environmental impact, the potential for repurposing, and alternatives that can help reduce waste. Your responses should reflect critical thinking and a deep understanding of sustainability.

Item	Impact	Repurpose
Water Bottle	Plastic water bottles take hundreds of years to break down and pollute oceans.	Turn a plastic bottle into a plant holder or bird feeder.
Fast Fashion (Cheap Clothing)		
Single-Use Plastic Straws		
Packaging (Plastic Wrap, Foam, etc.)		
Electronic Devices (Phones, Laptops, etc.)
